1 Buildings for all Taluk & District Schools are constructed and maintained from Provincial funds the only difference being that sums required for the former are provided for in the Educational Budget while those required for the latter are dealt with in the P.W.D. Budget Estimates of Central Provincial papers are High Schools which do not include at present District H.Q. Quarters - Mysore being therefore required that High Schools wherever situated may be dealt with in the same way as Schools at District H.Q. Quarters. This does not however seem necessary in the Education Budget since any increased grant may be given for such Schools wherever necessary but Government should be asked that Chattrallay tendency should be constructed a new building & the necessary provision ordered to be made

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No 2090/418 Mysore, ~~Bangalore~~ 12th May 1897

From

H J BHABHA Esq

Inspector-General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments,

SIR,

I have the honour to enclose a copy of my letter No 8321/122 dated 22nd April 1897 to the Secretary to the Government of Mysore in the Public Works Department about the extension of the present building of the Chikballapur High School and the construction of a proper building for the same High School later on. I also enclose a copy of the reply of the Secretary in the Public Works Department in his capacity as Chief Engineer No 1848 dated 5th May 1897 By Order No 6308-16/Ed 106 dated 25th January 1881 which printed Copy not to be sent

the Chief Engineer quotes the cost of all school buildings in Taluk Stations was to be met on equal shares from Municipal and Local Funds. By para 2 of order No 12 dated 13th May 1885, however, which sanctioned the Provincial Funds Budget for Education of the year 1889-90, it was ruled that all charges on Taluk Schools were from

Extract put up

that time to be borne by the Provincial Funds Accordingly till now all building expenditure in connection with Taluk Schools, both in Taluk Stations and District Headquarters, has been included in the Educational Budget, and the expenditure on High School buildings at District Headquarters has been met from the D P W Budget In Channapatna and Chikballapur, however, which are Taluk stations, the Municipal English Schools were raised to the High School Standard long before they were taken over by Government by Order C No 309-25 dated the 2nd March 1894 In both these towns there is urgent need of providing proper accommodation for the High Schools For Channapatna the construction of a High School building was approved by Government upon a reference made by the D P W Secretary and Rs 5,000/- has been provided in this year's Educational Budget for it, but on account of the difficulties and delays in securing a proper site the construction has not been commenced - The great want of school accommodation felt in Chikballapur I have described in my letter to the D P W Secretary, of which I enclose a copy

2 With regard to the buildings required for the High Schools of Channapatna and Chikballapur I submit that Government may be pleased to order that hereafter the cost of constructing,

Extract put

repairing and extending High School Buildings wherever they may be situated, may be provided in the D.P.W. Budget. High School buildings are costly and from the limited provision made for buildings in the Provincial Funds Budget for Education the wants even of Taluk Schools are not satisfactorily met. I would therefore request that Government would be good enough to relieve the Educational Budget of the cost of all High School buildings, and ask the Chief Engineer to provide the charges of the Chamarajpet and Chickballapur High Schools in his own budget.

I have the honour to be,
Sir,
Your most obedient servant,

H. J. Bhabha
Inspector-General

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No 8321/122 Mysore, ~~Bangalore~~ 22nd April - 1897

Encl to 611

From

H J BHABHA Esq

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the Public Works Department

Sir,

I have the honour to inform you that the accommodation provided for the Chickballapur High School which is one of the most successful High Schools in the Province is wholly insufficient the School has long been without proper accommodation The present schoolhouse is the one designed for Taluk Schools by Col Sankey containing four small rooms each measuring 16'X12' and one fairly large room measuring 30'X16'- The consequence is that six classes inclusive of two munshis' classes are with difficulty held from 7 to 11 Am every day and the remaining six classes from 11 Am to 5 PM The classes held in the morning get little or no supervision from the Headmaster and obtain less than four hours of instruction I propose therefore to extend the present building as early as possible by adding a large room measuring 30'X16

and a wing containing two small rooms each measuring 16'X12 The plan and estimate amounting to Rs 3297 prepared by the Executive Engineer, Kolar Division is herewith enclosed This extension is very urgently required - I request that you will be good enough to take steps to carry out the extension before the 31st December 1897.

2 The extension above proposed will give partial relief to the teachers and pupils of the Chikballapur High School The School should have a proper building like the other District High Schools which should have accommodation of its highest five classes, and provide a Library room, a Science room, and two Masters rooms When such a building is provided, the three lowest English classes will be amalgamated with the Taluk Kannada School at Chikballapur to form an Anglo-Vernacular School The Taluk Kannada School at Chikballapur now held in a dark and badly ventilated rented building is one of the largest and most successful Taluk Schools in the Province containing 300 pupils - The Anglo-Vernacular School when formed may be removed to the present High School building, the extension of which I propose in para 1 of this letter

3 The site for a proper building for the High School has been purchased, and the building which should be on the plan of the new Channapatna High School will cost about

6

Rs 11,000 I request you will be good enough to obtain the sanction of Government at your earliest convenience for the construction of a proper High School building for Chittakkallapur

I have the honour to be,
Sir,
Your most obedient servant
(Signed) H J Bhabha
Inspector General

To

The Inspector General of Education
in Mysore

Sir,

Adverting to your letter No $\frac{8321}{122}$ of 22nd ultimo, I have the honour to point out that the cost of the proposed extension to the High School at Chikballapur, is debitable to Education Budget as under existing orders (Vide Government Proceedings No $\frac{6308-16}{Ed\ 106}$ dated 25-1-1881) Education Buildings at District Head Quarters only are debitable to the P. W. Budget It will therefore be necessary for you, in the first instance, to obtain formal sanction of Government in General Department to the proposed extension and to grant of funds from Education Budget, and for the purpose, the plan and estimate received with your letter under reference are herewith returned

II I request that you will be good enough also to obtain sanction in that Department to the proposal made in para 3 for a new School house at Chikballapur (as cost of it will be debitable to Education Department)

before the preparation of a project for the work can be undertaken by the Public Works Department

I have the honour to be,
Sir,
your most obedient servant,
(Signed) J Whateley
Assistant Chief Engineer
of Mysore,
P.W.D

Letter No 9090/418 dated 12 May 1897 from the Inspector General of Education in Mysore

Order - No 13826-28/Ed 418 97 28-6-97

In the foregoing communcation the Inspector General of Education brings to notice the great insufficiency of accommodation in the High School building at Chikkabanpur and recommends the immediate addition of a certain number of rooms to it at an estimated cost of Rs 3297 and the construction later on, of a new building for the said High School like other High Schools at District Head Quarters, on the completion of which the present building is proposed to be utilized for the Anglo Vernacular School to be formed by the amalgamat

22-196

of the Taluk Kanada School and the last 3 classes of the High School Mr Bhabha takes this opportunity, suggesting that the cost of constructing the High School buildings at Taluk stations like the one now under notice may be met from the Public Works Department Budget in modification of the existing practices (based upon the orders noted in the margin) under which only High Schools at District Head Quarter towns have their cost provided for in the P W Budget

Ch Comrs Proc No 6308 16 ED 106 dy 25-1-81
Ed Deptt Proc No 12 dy 13 5 89

2 Government are of opinion that it is unnecessary to alter the existing practices under which the cost of construction of High School buildings in other than District Head Quarter towns is met from the Education Budget.

11

and observe that
~~in which~~ increased grants
on account of such schools
may be included in the Budget when
necessary

3 The Inspector Generals
proposals to extend the present
High School buildings at
Chikballapur at once, and
to construct a new building
for the said School at an
early date are approved
The necessary provisions
therefor may be made in
the Education Budget for
1897-98

No 9077/286 ~~Bangalore~~ Mysore 1st April 1898

From

H J BHABHA Esq.,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
General and Revenue Departments, Bangalore

S B,

With reference to Government order
No 13826-8 ~~E 2225~~ 418 of the 28th June 1897 and
Government order No 11173-4 Ed 19-96 of the
10th March 1898, I have the honour to
inform you that the extension of the present
High School building and the construction
of a new building for the High School at
Chikballapur have been estimated to
cost Rs 3692 and Rs 14,344 respectively
These amounts include the P.W.D establish-
ment charges I request that Government
may be pleased to sanction the appropria-
tions of Rs 3692 and Rs 3000 for the current
year's expenditure on the extension and
new construction of the High School respecti-

increased to Rs 5000 in 1st & 4th

from the provision for Taluk School Build-
ings in the State Funds Budget of the
Education Department for the current year

I have the honour to be,
Sir,
Your most obedient servant,
H J Bhabha
Inspector-General
